MEDICOLEGAL EXPERIENCE

Commenced medicolegal reporting November 2007

To date I have completed over 600 reports; including both clinical negligence and personal injury cases, and have undertaken reporting for the Procurator Fiscal Service in Scotland, and the NHS Litigation Authority in England.

I have experience of giving evidence in court in both England and Scotland.

Prior to commencing medicolegal reporting, I acted as a clinical advisor to the Health Care Commission, and as an independent clinical advisor to the NHS.

NEW INSTRUCTIONS

On receipt of a new instruction, if required, patients are offered the options of assessment at Spire Shawfair Park Hospital, Edinburgh or on Zoom or Microsoft Teams.

Areas covered – England, Scotland, Ireland, Wales.

Medical records in electronic format greatly preferred.

AREAS OF EXPERTISE

Personal Injury, including:
Injuries to the genitourinary tract
Renal trauma
Pelvic trauma
Erectile dysfunction

All aspects of urological surgery:
Urological malignancy
Delayed diagnosis of urological conditions
Urinary incontinence
Complications following the implantation of TVT/TOT mesh devices
Urinary sepsis
Management of stone disease

Clinical negligence
Informed consent

OTHER AREAS OF EXPERTISE

I undertake reporting in a limited number of criminal cases – initial enquiries are welcome.
