CONSULTANT CARDIOLOGIST

medicolegal@protty.net

SUMMARY

Dr Protty is a Consultant Interventional Cardiologist at the University Hospital of Wales, Cardiff, United Kingdom. He regularly manages patients with chest pain, shortness of breath, palpitations, dizziness and heart murmurs with a particular subspecialty interest in interventional cardiology, specifically coronary stenting (angioplasty) in the treatment of patients with heart attacks and angina.

CLINICAL EXPERTISE

Dr Protty specializes in General and Interventional Cardiology and holds certification in both fields. He completed his postgraduate training in the Wales deanery.

ACADEMIC INTERESTS

Dr Protty holds an honorary appointment with Cardiff University to pursue research activity relating to cardiovascular medicine. He has published more than 55 PubMed cited articles, presented numerous abstracts at national and international conferences, and produced policy documents that influence the field of cardiology.

HONOURS

Dr Protty has received more than 15 national and international prizes, and achieved distinction in his MBChB, PgDip and MSc studies. He also attracted >£500k in research grant funding.
