PROFILE

I am a highly experienced dental practitioner with over 30 years of clinical expertise since graduating from Leeds University Medical and Dental School in 1993. My career encompasses a successful dental practice in Radlett, Hertfordshire, and I hold a Master of Science degree from the prestigious Eastman Dental Institute and University College London in Restorative Dental Practice. In recent years, I have established myself as a proficient dental expert witness, specializing in a wide range of reports, including screening, current condition and prognosis, and breach of duty and causation. With comprehensive knowledge of clinical standards and a strong understanding of the legal implications in dental practice, I have completed the Bond Solon Expert Witness Course with excellence in report writing, courtroom skills, cross-examination, and civil law and procedure. Additionally, I hold associate membership with the Chartered Institute of Arbitrators, and I am registered on the National Register of University Certificated Expert Witnesses, further complemented by my status as a vetted full member of the Expert Witness Institute. My commitment to dentistry is further demonstrated by my involvement as a judge for the UK dental awards and as a panel member conducting interviews for prospective students at King's College School of Medicine and Dentistry. I have also attained a PG Cert in Dental Law and Ethics.

EDUCATION AND QUALIFICATIONS

University of Bedfordshire	2024
